Modern Slavery Act Statement

Introduction

This statement sets out Solstad Maritime ASA's ("**Solstad Maritime**" or the "**Company**") actions to understand all potential modern slavery risks related to its business and to put in place steps that are aimed at ensuring that there is no slavery or human trafficking in its own business and its supply chains. This statement relates to actions and activities during the financial year 1 January 2024 to 31 December 2024.

As part of Maritime industry and the wider energy industry, the organization recognises that it has a responsibility to take a robust approach to slavery and human trafficking.

Solstad Maritime is absolutely committed to preventing slavery and human trafficking in its corporate activities, and to ensuring that its supply chains are free from slavery and human trafficking.

This statement is made pursuant to s.54 (1) of the UK Modern Slavery Act 2015. This statement has been approved by Executive Management of Solstad Maritime.

The UK Modern Slavery Act coincide with the Norwegian Act relating to enterprises' transparency and work on fundamental human rights and decent working conditions LOV-2021-06-18-99 ("**Transparency Act**") which also applies to Solstad Maritime from 2024. A separate statement is published related to this regulation.

Organisational Structure

Solstad Maritime ASA is a company registered in Norway and whose shares are listed on Euronext Oslo Børs. The Company includes several wholly or partly owned daughter companies that conduct operational services for the Company's fleet. The principal activities of the Company are the ownership and chartering of offshore support vessels globally.

Supply Chains

Solstad Maritime recognizes that Modern Slavery is not an issue confined to businesses based in higher risk jurisdictions and it recognizes the risks that arise from the use of migrant labour and global supply chains. Within our Safety Management System, we have a supplier approval process, supplier code of conduct and a supplier audit process.
